

Himani Kankaria's Content QA Checklist

that helps you QA every content written for your brand the way Himani does.

1. Tone, Style, and AI Check

- ☐ Is the tone human, crisp, and conversational?
- ☐ No robotic phrases, no fluff, no clichés.
- ☐ No em dashes.
- ☐ Sentences clear, complete, not abrupt.

3. Audience Alignment

- ☐ Is this clearly written for **one** audience?
- ☐ Does it fulfill the purpose of searching & reading?
- ☐ Would this make them pause and read?

5. Insight First

- ☐ Does the content start with an insight, observation, or hook, and not a long setup?
- ☐ Does it immediately come to the point?

2. Read Aloud Test

- ☐ If read out loud, does it sound natural?
- ☐ Does it hold attention, sound confident, and flow smoothly?
- ☐ Can any line be shortened without losing meaning?

4. E-E-A-T Check

- ☐ Is lived experience, observation, or real context added?
- ☐ Does the content explain why or how, not just what?
- ☐ Does it show you are a thought-leader in this niche?

6. Meaning & Crispness Test

- ☐ Every line adds new or valuable info, clarity, or perspective for that one audience
- ☐ No filler lines. No "nice to have" sentences.

7. Zero Offensiveness Rule

- ☐ Are we not undermining any profession, system, academy, or industry?
- ☐ Is it polished and respectful, even when talking about gaps or competitors?

9. Structure Check

- ☐ Is the headline strong & USP-driven?
- ☐ Is the supporting line relevant?
- ☐ Is the flow logical and tight?
- ☐ No unnecessary past tense unless necessary.

8. Relevance to Brand Positioning

- ☐ Is the message aligned with the brand's voice?
- ☐ Are we reinforcing authority, sharing the brand's experience & expertise without sounding salesy?

10. No direct sales pitches

- ☐ Crisp storytelling without exaggeration.
- ☐ Professional, subtle drama.
- ☐ No self-promotion unless asked.
- ☐ No overemphasis on milestones (e.g., 10 years).

11. Compliance & Risk Check

- ☐ No claims that trigger compliance (e.g., pharma, medical).
- ☐ No overstatements for industries where neutrality matters (finance, telecom, etc.).

12. Visual + Platform Fit

- ☐ Does it suit the platform (Website, LinkedIn, newsletter, etc.)?
- ☐ Is it scannable (bullets, short paras, hooks)?
- ☐ Does it have enough media such as images, graphs, infographics, video embeds, etc.?
